

THE BAHNSEN GROUP OPENS NEW AUSTIN, TX OFFICE

The Bahnsen Group is pleased to announce the opening of its newest satellite office, this time in Austin, Texas, to serve its growing roster of clients in Texas and Oklahoma. The office will be based at 823 Congress Avenue, just two blocks from the Texas state capital, and will open on May 1.

Leading the office expansion will be Private Wealth Advisor, Robert Graham, who originally joined The Bahnsen Group in 2012 at Morgan Stanley and stayed with the firm through 2020. He rejoins the firm to lead this Texas initiative.

"I am thrilled to re-join the TBG family and leverage the vast resources of the firm into a powerful client service experience in Texas and Oklahoma," says Graham. "I am a firm believer in The Bahnsen Group's dividend growth philosophy and really can't wait to see what we can do with boots on the ground in a region like this experiencing such dynamic economic growth."

The satellite office is also immediately hiring operational support and eventually more personnel in the company's Solutions department. This model has now been executed in New York City, Minneapolis, Nashville, and the Pacific Northwest, with nearly half of the company's 55 employees being located at one of these satellite offices, with the remainder at the Newport Beach headquarters.

"This is not the last office we plan to open. We love face-to-face engagement with our clients and we love the state of Texas," says the firm's managing partner, David Bahnsen. "Whether it is our pro-energy ideology or just the fact that a significant amount of our country's economic growth takes place in the great state of Texas, we have seen a large increase in interest from this region and we believe this expansion will help us better serve clients there."

The Bahnsen Group manages over \$4.1 billion of client capital and, with this expansion, has over 50 employees and six office locations.
