

THE BAHNSEN GROUP ANNOUNCES NEW DALLAS, TX OFFICE

The Bahnsen Group is pleased to announce its tenth office location, opening at 1920 McKinney Ave. in uptown Dallas. The company will move into its new space in mid-April. Partner Don Saulic is relocating from the company's Newport Beach headquarters to drive this Dallas expansion. New personnel in the Operations and Planning departments will be part of the office launch, with the official grand opening slated for May 1.

"Dallas and the surrounding area is a major market for The Bahnsen Group for the same reason it has become one of the top three cities in the country for business – because it is a dynamic, diversified, and vital contributor to American industry," says David L. Bahnsen, Managing Partner of The Bahnsen Group. "The Dallas/Fort Worth area has been a growing part of our business for years, and our Austin launch several years ago has given way to additional Texas expansion as we continue to grow in what is one of America's most friendly business states."

1920 McKinney sits at the corner of McKinney Avenue and Harwood Street and offers stunning views of the downtown Dallas skyline as well as Klyde Warren Park. TBG's lease of 2,500 square feet allows the company to launch with senior advisor presence and ample support staff, while also providing substantial room for growth in the years ahead.

"I am honored to take the lead in driving this Dallas expansion," says company veteran Don Saulic, "and confident that we will be able to serve clients better with this expanded footprint."

The Bahnsen Group currently manages over \$7.1 billion in client assets, with eighty employees across its now ten offices. All employees are in office five days per week.
